### Obituary.

Iva May Turley, little child of Burk and Lola Turley, died at 5 o'clock Saturday morning, Aug. 17, 1912, after an illness of fourteen hours. Iva was a precious babe and at her death she was five months and fourteen days old. She was taken suddenly ill and everything was done for her that kind hands and medical skill could do, but all to no avail, and her little soul went back to God who gave it.

The funeral services were conducted by the writer in the presence of a large concourse of relatives and friends, after which the remains were laid to rest in the Piney cemetery.

### Electricity for Dullness

New York Will Try the Experiment of Charging its Schoolrooms.

New York, Aug. 27. The New York Board of Education is expected to authorize a trial this fall of the Swedish invention of Dr. Syante Arrhenius for electrifying a schoolroom, and thereby producing results from the pupils. The experiment, which has been successful in Stockholm, will be tried in a room in which a class of defective pupils is being taught. The cost for a year's trial will be less than \$10,000.

The electrifier consists of a series of wires in the walls of the classroom. These wires will be charged with high frequency currents. The plan will be to have two classrooms, as nearly alike as possible, one electrified and the other not, each to have the same number of pupils. At the end of a certain period comparisons will be made between the pupils in the electrified room and those in the room not electrified.

Woodrow Wilson, Scholar and Statesman, Democratic Candidate For President.

## FARMERS SHOULD SUPPORT WILSON

Best Equipped Man For Presidency Since Lincoln.

### SENATOR GARDNER'S VIEWS.

The Maine Statesman, Himself a Farmer, Declares That President Taft Would Continue to Tax Farmers of the United States and at the Same Time Compel Them to Compete With Canadian Farmers.

The reasons why those engaged in agricultural pursuits should support Governor Woodrow Wilson for president are strongly set forth by Senator Obadiah Gardner of Maine in an address to farmers.

Senator Gardner is a practical farmer, one who farms his own farm, and he is probably in closer touch and sympathy with country life and its environments than any other man in public life.

For twenty-five years Senator Gardner has been actively interested in the national grange, and for ten years he was the master of the state grange of Maine. A few years ago he came within a close margin of being elected governor of the Pine Tree State.

A little less than a year ago, when Senator Frye, who had represented Maine in the senate for thirty years, died, Governor Philbrick honored Mr. Gardner and recognized the agricultural interests of the country by appointing him to the United States senate, where he has made a most creditable record, devoting particular attention to the welfare of the great rural population of the country. He is now a candidate for re-election and will undoubtedly be successful.

In his address Senator Gardner says: "To the Farmers of the United States, Greeting:

Being one of you and for the greater part of my life having been engaged in the practical everyday duties of my own farm, having been for twenty-five years past officially at work through boards of agriculture and the national and state granges, having served four years as secretary of the national grange and as master of the Maine state grange ten years, during which time the order in Maine added 3,645 members and attained a power and influence never held before, I feel I am in a position to speak from the standpoint of one who knows the farmer and his needs, and it is solely because of

### THE PEOPLE AND THE CURRENCY

It is a fact that the currency of the United States is in a state of extreme inflation. The money supply has increased so rapidly that it has become necessary to raise the price of gold to maintain the value of the dollar. This has resulted in a general increase in prices throughout the country. The farmers, who are the backbone of the nation, are the ones who are most affected by this inflation. They are the ones who are paying the highest prices for their products, while they are receiving the lowest prices for their crops. This is a situation that is not only unfair to the farmers, but it is also a threat to the stability of the nation. It is therefore imperative that we take action to stop this inflation and to protect the interests of the farmers.

What has the result been? Prosperity? Yes, if by prosperity you mean vast wealth in a matter how distributed or whether or not. The nation as a whole is justly proud of her industrial and of the genius of her men of affairs. They can master anything they set their minds to, and we have been greatly stimulated under their leadership and command. Their laurels are many and very green. We must accord them the great honors that are their due, and we must preserve what they have built up for us. But what of the other side of the picture? It is not easy for us to live as it used to be. Our money will not buy as much. High wages, even when we can get them, yield us no great comfort. We used to be better off with less, because a dollar could buy so much more. The majority of us have been disturbed to find ourselves growing poorer, even though our earnings were slowly increasing. Prices climb faster than we can push our earnings up. From Woodrow Wilson's Speech Accepting the Democratic Nomination.

### WHAT REPUBLICAN PROSPERITY IS.

## O'REAR NOT TO SUPPORT TAFT ON THE STUMP

Declares He Can Neither Defend Administration Nor President's Nomination.

Mt. Sterling, Ky., Aug. 28.—(Special.)—Judge E. C. O'Rear of Frankfort, will not support President Taft on the stump in Kentucky this fall. He so stated to the Courier-Journal correspondent here this evening. The Judge said that he could neither defend the Taft administration nor the method by which he secured his nomination.

He further stated that he would make some speeches for his friend, Judge A. J. Kirk, Republican candidate for Appellate Judge in this district, but further than that was out of politics and would devote his time in the future solely to the practice of law.

Judge O'Rear asked that his position be stated in the Courier-Journal so that the people would know exactly his position.

What's your "system" of judging a car? If accomplishment counts with you more than fashions fickle fancies—you'll throw prejudices to the winds—and judge the Ford on its merits. It's the one car that has stood all the tests.

Seventy-five thousand Ford cars already sold this season, one-third of America's product. The price is \$360 for the roadster, \$690 for the five-passenger car, and \$750 for the delivery car—complete with all equipment, f. o. b. Detroit.

The Success of a Grand Rally  
And Still to be Continued.

Aug. 18, 1912, there was a grand rally at the Cumberland Presbyterian church, in honor of the colored Baptists, at which rally they were able to realize \$117.00. Not being able to get the desired amount the rally was continued until Sept. 15th, 1912, at which time all members and friends are asked to assist in said rally. We feel that we need the assistance of everyone in our great struggle, the membership being only 18 or 20.

## Judge Ballard Renounces Taft.

(Continued from Page 1)

election he will be a Roosevelt supporter; fifthly, at the present time there seem to be eight or nine of the county committee who are very favorably inclined toward Col. Roosevelt; sixthly under the head of your question as above, I want to give you some information that your committee is not cognizant of and I want to also answer your communication of the 11th instant, inclosing a resolution of the State Central Committee adopted at their meeting held on Aug. 7th instant:

WAS ELECTED REGULARLY.

"The present County Committee of which I have the honor of

being chairman, was elected regularly and without any taint of fraud on their title at 100th conventions held a few months ago under rules by the State Central Committee.

They believed then as they believe now that Roosevelt was the overwhelming choice of the publicans of this county, and I am sure I voice their sentiment when I say that if the various State Central Committees of this country of ours (that profess to love so well) and the people elected, or rather selected at a national convention, and then one third of the party to the sentiment of the good people before the steal as we call this solicitation on your part would have been unnecessary.

"Your letter of the 10th inst. was very courteous and I am sorry I cannot say so much for the resolution enclosed. I have been loyal to the Republican party by 'word and act' for nearly 40 years. Some of my associates on the committee are not as good as I am, but I assure you they are good; Republicans or at least were until the late unpleasantness, and so far none of us by acts at least have manifested disloyalty to the great Republican party and we had hoped until the resolution came—that maybe in the years to come the party would return to the people who made it so glorious and we could be humble instruments in its uplift.

## OTHERS JOIN HIM.

"However, under the order promulgated by your committee and in order to be perfect, as to the renance of the Republican party, and to ourselves, the following members of the Anderson County Executive Committee have this day resigned from said Committee: W. A. Wash, Rella Hankins, James Gordon, Charles Mayberry, N. B. Statton, W. W. Bond, and writer. I am sure that the following will resign Friday next: P. Dennis and Lester Tinsley.

"President Taft said in a speech made last Saturday that he is entitled to a fair fight. I believe he is, and am profoundly sorry he has not practiced what he is now preaching, for if he had he would not now be in the fight and Roosevelt would have swept the country like a cyclone."

Carol, the beautiful little 1 year old daughter of C. F. Doss of Birmingham, Ala. died Sunday morning Aug. 18th 1912 and was buried Monday afternoon at Elmwood cemetery in that city. She was an unusual bright and attractive child and won the hearts of all who knew her. Her parents have the sympathy of all in their great bereavement.

## Flying Men Fall

victims to stomach, liver, and troubles, like other people, who like results in loss of appetite, ache, nervousness, headache, and tired, restless, run-down feeling. But there is no need to feel like that. T. H. Peabody, Henry, Tenn., proved "Six bottles of Electric Bitters" he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. Its folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at Haynes & Taylor's and J. H. Orme's.

## Card of Thanks.

We desire to express our heartfelt thanks to all our friends and neighbors who so kindly assisted us during the protracted illness and the death of our father, W. P. Lamb, and may the richest of God's blessings rest upon them all is our prayer.
